

THANK YOU

Thank you for partnering with Fountains of Hope to provide safe, live-giving water around the world!

We can not begin to thank you enough for your generosity and support of the work Fountains of Hope has been doing this year. Because of your support and partnership, we have installed Fountains of Hope Water Purifiers in Uganda, Cameroon, Zimbabwe, Kenya, Romania, Turkey, and Ukraine. In addition, we have gifted hundreds of Fountains of Hope Filter Buckets. We have taught health and hygiene lessons to dozens of children and given out toothbrushes and musical instruments along the way. God is certainly working through your generosity! Thank you again for your partnership with us!

Bill and Kathy Farrar

*We have
so much work
to do around the
world and your gift
is helping us do
that work!
Thank you!*
